

How to use this Parts Reference Manual

Take 5 or 10 minutes to familiarize yourself with this important parts tool. We think you will find it time well spent.

- A.) This manual is organized by type of product. i.e. gas, kerosene, electric, etc.
- B.) Individual product sections include: High volume parts, diagrams of typical products, and a cross reference chart.
- C.) In the cross reference chart, parts are listed alphabetically across the top of the page. Heater models are listed on the left.
- D.) Pricing is available at the back of the manual.

If you do not locate the part that you are looking for, please call for additional assistance 1-814-643-2299
